

## **BULKHEAD COMMITTEE**

Three bulkhead were repaired in 2014.

|                          |                 |
|--------------------------|-----------------|
| 104 Lands End            | \$17,100        |
| 106 Lands End            | \$17,100        |
| 204 Lands End            | \$17,100        |
| <b>Total repair cost</b> | <b>\$51,300</b> |

Three bulkheads and 5 caps are scheduled to be repaired in 2015.

|                          |                 |
|--------------------------|-----------------|
| 105 Windjammer           | \$17,500        |
| 109 Windjammer           | \$17,500        |
| 112 Lands End            | \$17,500        |
| Five caps                | \$25,000        |
| <b>Total repair cost</b> | <b>\$77,500</b> |

In 2015, the Bulkhead at 105 Windjammer was not completed.. This was due to an emergency repair to the canal entrance. See attached sheets for actual repairs completed, and costs.

Three bulkheads are scheduled to be repaired in 2016.
