

LANDSCAPE REPORT – FEBRUARY 2016 POA MEETING

In the Spring of 2015, Mike Wulf, Roger Horan, Tom Berkenkotter, Bill and Eva Williams cultivated and mulched the beds at the front entrance, then planted knockout roses. Bill kept them watered and the roses thrived. Bill kept them watered and he roses thrived.

Mike Wulf continued to put the flags up for the holidays, and also ensured the area was mowed as needed. Thank you Mike.

In late Summer/Fall, Bill and Eva Williams cleaned the grass and weeds from the rock beds along the entrance driveway. During the past month, they have been working on cultivating the rose beds and weeding out the dollar weed. The next job will be to fertilize the beds.

Respectfully submitted,

Bill Williams
